THE undersigned is permanently established as a Teacher of Children and Youth, at Union Academy, about three and a half miles west of Fayette. He is a graduate, and has had nearly five

Fayette. He is a graduate, and has had nearly five years' experience in teaching; more than three of which, he has spent in the house which he now occupies; always giving special attention to the best means of developing and instructing the youthful mind.

While this school is designed to furnish a thorough Classical and Mathematical course of instruction, constant effort will be made to impart a minute and accurate knowledge of the elementary branches, such as Arithmetic, English, Latin and Greek Grammars, and other studies preparatory to a liberal course—as experience has proved, that while pursuing these, the intellectual character is mainly formed. Every pupil is required to make a thorough and rigid analysis of each book as he proceeds; to state in his own words his view as he proceeds: to state in his own words his view of the subject in hand, that his misapprehensions may be corrected, and thus to discipline and strengthen his own mind.

It will be the constant aim of the Instructor to prepare his pupils for the practical duties of life, not only by teaching them to think for themselves on all subjects, but by introducing frequent exercises, drawn from the various business transac-

tions of the world.

Young gentlemen wishing to qualify themselves for teaching, will receive instruction with special reference to that object.

The location of this Institution offers peculiar advantages. Situated in a most healthy neighborhood removed from the corrupting influences of borhood, removed from the corrupting influences of town, and village, and surrounded by highly respectable families, with whom board may be obtained, this school must insure the moral, as

well as the intellectual advancement of its pupils.

Pr. James M. Martien's Invincible Pills, for the

cure of Fever and Ague and all other Fevers, have not in a single instance failed to accomplish a per-fect cure when the directions have been strictly followed. This medicine has in various violent and desperate cases, effected radical curse, after the pa-tients had been abandoned and their condition pro-nounced hopeless, by medical gentlemen of high professional character.

DR. MARTIEN'S ANTI-BILIOUS VEGETABLE UNI-VERSAL LIFE PILLS.—This medicine will certainly remove all impurities of the bood, and is an effectual remedy in many of the complaints which afflict the human system, and for the various painful and vexatious diseases incident to the female sex, no preparations now known to the public are equal to these pills. As a cathartic, they are en-tirely safe, always efficacious, and operate with un-usual mildness: they also act as a cosmetic, and render the complexion clear, rich and fair.

DR. MARTIEN'S ANTI-DVSPEPTIC AND ANTI-CON-SUMPTIVE PILLS.—These pills are principally pre-pared of Indian remedies, and operate almost like pared of Indian remedies, and operate almost like
a charm. For dyspepsia, consumption, chronic
cough, pain in the breast, spitting blood and complaints of the bowels, generally, this medicine is
a certain cure when taken according to the accompanying directions. For many of the complaints
with which children are afflicted, it is truly efficacious and without a rival cious and without a rival.

DR. MARTIEN'S NEVER FAILING WORM DESTROYthe most important discoveries of this, or any other age, for expelling worms.—It never fails.—Parents who are anxious to preserve the lives of their innocent offspring should always keep the invaluable Medicine in their families.

Certificate of Mrs. Nancy Hawkins. Dr. James M. Martien-Sir:-A duty which I owe to the public as well as to yourself, impels me to advise you of the great benefits that have re-sulted, within my immediate knowledge, from the use of your Medicines. Those unacquainted with you, or with your long experience and unsur-passed skill as a practising physician, might readily be inclined to believe, that you are attempting a base imposition upon the unsuspecting and credu-lous. But it must be admitted, and the afflicted who have used your Medicines are certainly under the conviction, that you have approximated perfection in the healing art. I have, myself, adminis-tered your FEVER PILLS, when life was almost gone, and every hope had been abandoned by gen-tlemen well skilled in your profession, and I have never known the medicine to fail. I was present, myself, in nine cases of obstinate fever, in all of which your Fever Pills were used. The rapid recovery of the patients, in every instance, occa-sioned surprise and astonishment in those who were acquainted with their condition. I have also used your UNIVERSAL LIFE PILLS, and frequently administered them to others, and am persuaded that as a universal medicine, they are unequalled. In fact, suffering humanity is largely indebted to you, and at no very remote period, the many blessings you have been instrumental in imparting to the afflicted, will meet with the grateful acknowledgments of a crateful acceleration. afflicted, will index ments of a grateful people. MARGARET MAIN. Jefferson City, Jan. 3, 1842.

Sr. Louis, Mo., June 7th, 1843. Dr. James M. Martien: Siz:—I deem it a duty which I owe to you as well as to the thousands and tens of thousands of the sufferers of the human race. to bear testimony, and to put that testimony upor record, of the great and unequalled blessings that have been imparted to others, by the use of your ANTI-BILIOUS UNIVERSAL LIFE FILLS. I have known them to relieve suppression of the Menses of one or two years standing, after repeated efforts of the or two years standing, after repeated efforts of the most eminent and skilful of your profession had failed to produce any favorable result, and the sufferer rapidly hastening to an untimely grave, while yet in the bloom of youth. Afterthe use of two boxes of your Life Pills, every thing was restored to its proper organization—Health, Beauty, the Physical Powers, and the Life of the female. As a mother who has seen much and many afflic-tions incident to her sex, I cannot too strongly recommend your medicines to all mothers and heads of families, believing, as I do, that they are among the greatest earthly blessings we possess and knowing, from experience, that they are universal in their application. And let me assure you, that it is my sincere wish, that the giver of all good gifts, may, when your cup shall be full, recompense you for the manifold blessings you have been instrumental in conferring upon suffering umanity.

So here it is: lay it before your readers, as to overcome Fort Vancouver, black Powchong, to which weask His grand-father, whose name was Yulee, was the First Counsellor, or Grand Vizier, of the Emperor of Morocco of those days. Shortly afterwards. and while the latter was in confinement. the old Emperor died, and his son went from the prison to the throne. His first acts were to cast his father's friend and adviser into the same dungeon, where he died shortly afterwards, and to order the confis cation of his estate. Smith O'Brien and Oregon .- The great leader of the Irish people, second only in influence to O'Connell, made at the last meeting of the Association, one of the most noble displays of manly eloquence ever uttered in Conciliation Hall. After treating on a variety of topics conversant with the business of the day, he advanced to the present belligerent attitude of Great Britain towards America, and openly declared that Irishmen had sanctioned and sustained England in her unjust wars, and that such would not be the case any longer; then quoting the Edinburgh Review, to show that the claim of England was no better than that of the United States, he declared lee, then a young man, went to Cuba, and, in the name of the Irish people, that if England should obstinately persist in wanton waste of blood and treasure, for the barren shore of Oregon, the Irish people should not be any party to the injustice ! This is a most remarkable speech, coming from a gentleman of Smith O'Brien's well known firmness, influence and great property. This has produced a great sensation .-Should Ireland be able to preserve an inflexible neutrality, England cannot, will not go to war for one year.

CHARCOAL AN ANTIDOTE TO POISON .- An old English paper contains a statement one at your clow saying: come give me your note for your last year's account; and then such a yell from one of them Dogery's that would make a lady faint and fall back. [Glasgow, January 31st, '46.]
